ISBN: 9781260092820 / © 2018

available in

 **connect**<sup>®</sup>

Perfect for introductory level students, Hole's Human Anatomy and Physiology assumes no prior science knowledge by focusing on the fundamentals. This new edition updates a great A&P classic while offering greater efficiencies to the user. The 15th edition focuses on helping students master core themes in anatomy and physiology, which are distilled down into key concepts and underlying mechanisms.

## NEW FEATURES

- Streamlined Learn, Practice, Assess framework throughout the text gives students consistent support.
- Moved learning outcomes to their respective sections throughout each chapter.
- Improved flow throughout entire text by integrating content from small boxed readings into the main body of text. Longer paragraphs have been broken up into digestible chunks to better suit today's learner.
- Hole's lab manual now has pre-lab and post-lab questions integrated into Hole's Human A&P Connect.
- Increased quantity of higher level Bloom's questions in Connect to allow for more flexibility in assignment creation.
- New for Connect A&P! Physiology Interactives: Blood Pressure, Endocrine, Adaptive Immunity and Innate Immunity SmartBook with Learning Resources and sub-section assignability New Connect Assessment content for Hole's Human Anatomy & Physiology 15/e with 30% of questions in each chapter being Bloom's level 3 and higher Course wide Connect questions: • Anatomical Model • Regional Anatomy • Active Anatomy • Ph.i.L.S. 4.0 • 3D Animations • Diagnostic Exam for LearnSmart Prep
- NEW Accessibility Enhancements for Anatomy & Physiology Revealed! McGraw-Hill Education is committed to providing digital products that meet WCAG 2.0 AA guidelines. New updates to APR meet a number of these guidelines, including keyboard navigation and enhancements for low vision or color-blind individuals.
  - To address issues of mobility, we have made APR keyboard navigable
  - To address accessibility issues related to vision, we have:
    - o Added an arrow to point out the highlighted structure.
    - o Added a color picker to allow the user to change the highlight color to one that is most optimal for them
    - o Changed the shape of tags so that color is not the only differentiator
  - Added descriptive texts for functionality

**Connect** is a personalized learning management solution which seamlessly integrates homework and assessment with technology designed to improve student outcomes. Learn more at [mheducation.com/connect](https://mheducation.com/connect)

## Table of Contents

1 Introduction to Human Anatomy and Physiology  
2 Chemical Basis of Life  
3 Cells  
4 Cellular Metabolism  
5 Tissues  
6 Integumentary System  
7 Skeletal System  
8 Joints of the Skeletal System  
9 Muscular System  
10 Nervous System I: Basic Structure and Function  
11 Nervous System II: Divisions of the Nervous System

12 Nervous System III: Senses  
13 Endocrine System  
14 Blood  
15 Cardiovascular System  
16 Lymphatic System and Immunity  
17 Digestive System  
18 Nutrition and Metabolism  
19 Respiratory System  
20 Urinary System  
21 Water, Electrolyte, and Acid-Base Balance  
22 Reproductive Systems  
23 Pregnancy, Growth, and Development  
24 Genetics and Genomics
