## DEMYER'S THE NEUROLOGIC EXAMINATION: A PROGRAMMED TEXT

Jose Biller, Gregory Gruener, Paul Brazis

An updated edition of the classic step-by-step guide to the diagnostic neurologic examination

For more than four decades, *DeMyer's The Neurologic Examination* has provided neurologists and psychiatrists in training with a uniquely clear and didactic way of learning the complicated technique of using the physical examination to diagnose neurologic illness. This trusted classic also reviews the neuroanatomy and physiology necessary to interpret the examination and details the laboratory tests best suited to each clinical problem. With its learn-at-your-own-pace teaching approach, *DeMyer's* allows readers to work through real-life clinical situations and rehearse the skills and procedures that make the neurologic examination productive for both patient and clinician.

**Jose Biller, MD** is Chair of the Department of Neurology at Loyola University's Stritch School of Medicine, Maywood, Illinois **Gregory Gruener, MD, MBA** is Professor in the Department of Neurology and Director, Ralph P. Leischner, Jr. MD Institute for Medical Education at Loyola University's Stritch School of Medicine, Maywood, Illinois

**Paul W. Brazis, MD** is Professor of Neurology in the Department of Neurology and Ophthalmology at the Mayo Medical School, and Consultant in Neurology and Neuro-Ophthalmology at the Mayo Clinic-Jacksonville, Florida.

CONRAD FISCHER

## TOP SHELF: ESSENTIAL LEARNING FOR THE INTERNAL MEDICINE CLERKSHIP

**Conrad Fischer**

A new way to excel on the Internal Medicine Clerkship from Conrad Fischer

*Top Shelf: Essential Learning for the Internal Medicine Clerkship* uses Conrad Fischer's unique method of distilling complex concepts into accessible, high-yield narrative to maximize students' retention and boost their performance on the clerkship and shelf exam. Fischer doesn't just give students what they need to "get by" -- he helps them really understand the practice of internal medicine -- so they can provide outstanding patient care and ace the shelf exam. This unique work encapsulates Conrad Fischer's more than twenty years' board review classroom experience into one score-boosting, memory-enhancing text.

**Conrad Fischer, MD (New York, NY)** is the Residency Program Director in Internal Medicine at Brookdale Hospital in New York City and is Associate Professor of Physiology, Pharmacology, and Medicine at Touro College of Medicine.

# CASE FILES INTERNAL MEDICINE, FIFTH EDITION

Eugene Toy, John Patlan, Mark T. Warner

***Sixty high-yield Internal Medicine cases help students sharpen their diagnostic and problem-solving skills***

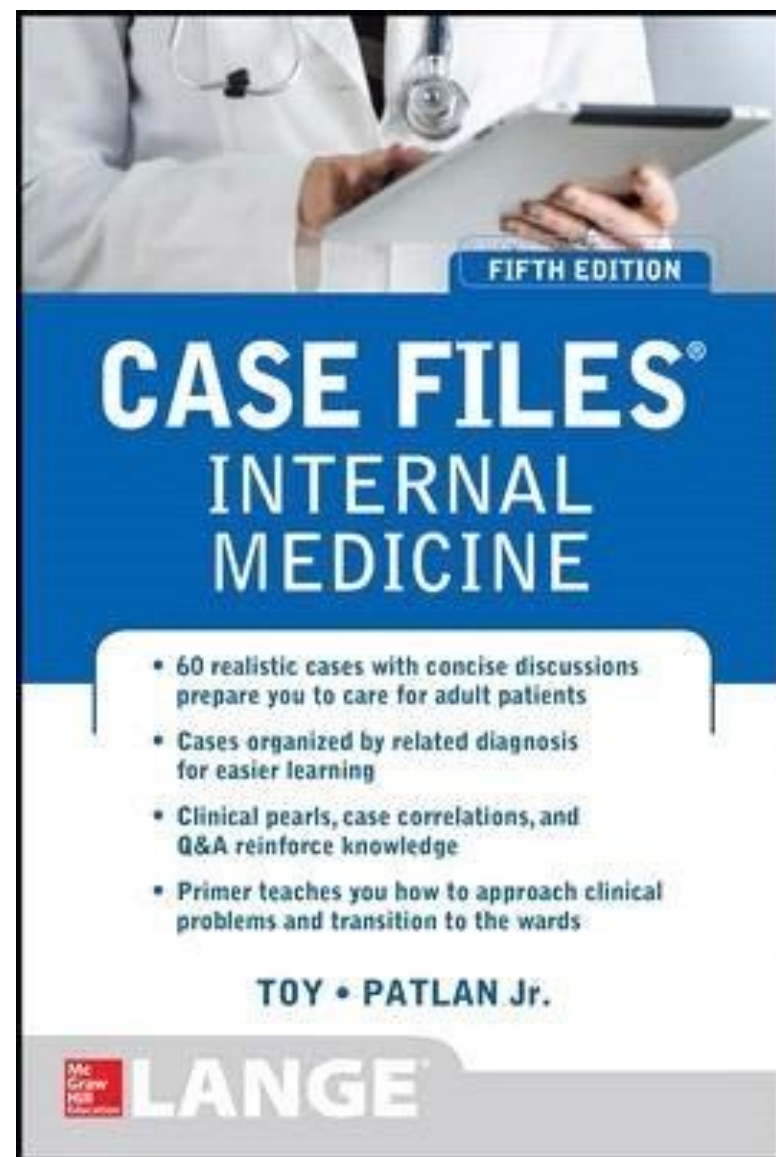

This must-have fifth edition of top-selling CaseFiles:Internal Medicine is reorganized by topic for easier learning during the clerkship, and is updated to reflect the latest guidelines on diagnosis and treatment of must-know conditions. 60 high-yield cases feature complete discussions, pearls, and USMLE-style review questions to help students excel in the clerkship and earn honors on the shelf-exam. A new *Case Correlations* feature connects related cases, and 25 challenge questions at the end of the book assess readers' ability to integrate and apply what they've learned.

**Eugene C. Toy, MD (Houston, TX)** is a dual-certified family physician and obstetrician-gynecologist and is Assistant Dean for Educational Programs; Professor and Vice Chair of Medical Education, Department of Obstetrics and Gynecology, at the University of Texas Medical School at Houston.

**John T. Patlan, Jr., MD (Houston, TX)** is Assistant Professor, General Internal Medicine, at the MD Anderson Cancer Center.

**Mark T. Warner, MD (Houston, TX)** is Assistant Professor, Division of Critical Care Medicine, at the University of Texas Medical School at Houston.

Laura M. Mazer

## POCKET JOURNAL CLUB: ESSENTIAL ARTICLES IN GENERAL SURGERY

**Kathryn Butler, Kiran Lagisetty, Laura Mazer**

*A combination primer on how to evaluate the surgical literature and summary of the most important surgical papers of recent decades*

With the acceptance of evidence-based medicine as the gold-standard of clinical care, there is tremendous pressure on students and residents to make decisions based on available clinical evidence. Many novice clinicians do not feel they are equipped to meet this challenge for two reasons: the limited time they have to read the vast amount of primary sources and the challenge to identify what is the most relevant literature. *Pocket Journal Club: Essential Articles in General Surgery* is specifically written to remedy this situation.

A unique two-in-one resource, *Pocket Journal Club: Essential Articles in General Surgery* is a complete primer on how to efficiently evaluate the surgical literature, plus a summary of the most important surgical papers of the past few decades.

**Kathryn L. Butler, MD (Boston, MA)** is Assistant Professor of Surgery, Associate Clerkship Director, Massachusetts General Hospital.

**Laura Mazer, MD (Palo Alto, CA)** is Postdoctoral Research Fellow, General Surgery at Stanford University.

**Kiran Lagisetty, MD (Ann Arbor, MI)** Cardiothoracic Surgery Fellow at University of Michigan.

# PRINCIPLES AND PRACTICE OF PAIN MEDICINE 3RD EDITION

Carol A. Warfield, Zahid H. Bajwa, R. Joshua Wootton

*The leading textbook in pain management – updated with the latest research and developments*

This concise yet comprehensive text is a true one-stop resource for anesthesiologists and specialists in pain medicine. Every aspect of diagnosing and treating specific pain conditions and syndromes are covered, including physiology, physical and laboratory diagnosis, and therapeutic interventions. While thorough and encompassing the entire curriculum of clinical pain management, the book has been carefully edited to be a manageable length and not overwhelming to readers.

Reflecting the fact that pain medicine is a true multidisciplinary specialty, a new co-editor who is a pain psychologist at Beth Israel Deaconess has been added. The third edition also features a greater emphasis on risk management and an updated Interventional Pain Section highlighted by an increased number of figures and a stronger clinical focus.

**Zahid H. Bajwa, MD** Assistant Professor of Anesthesia, Harvard Medical School; Director, Education and Clinical Pain, Beth Israel Deaconess Medical Center.

**R. Joshua Wootton, MD, PhD** Director of Pain Psychology, Arnold Pain Management Center, Beth Israel Deaconess Medical Center.

**Carol A. Warfield, MD** Edward Lowenstein Professor of Anesthesia, Beth Israel Deaconess Medical Center.

# DEPRESSION IN MEDICAL ILLNESS

## DEPRESSION IN MEDICAL ILLNESS

Arthur Barsky, David Silbersweig

**An authoritative guide to understanding and treating depression in the medically ill**

*Depression in Medical Illness* is based on the fact that depression and medical illness are inextricably bound together and must be viewed through a single lens in order to truly understand, diagnose, and treat them.

Throughout the book, the authors emphasize not simply a critical distillation and balanced summary of the available empirical data, but equally important, an active synthesis, formulation, and analysis of that evidence. This informs a contemporary biomedical understanding, as well as diagnostic and therapeutic approaches. All of the chapters are authored by members of the Department of Psychiatry at the world-renowned Brigham and Women's Hospital. In chapters devoted to specific medical disorders, psychiatrists with particular expertise in those areas have been joined by other eminent Brigham medical and surgical specialists or subspecialists.

**Arthur J. Barsky, MD**, Senior Psychiatrist, Brigham and Women's Hospital; Professor of Psychiatry, Harvard Medical School, Department of Psychiatry, Brigham and Women's Hospital.

**David A. Silbersweig, MD**, Senior Psychiatrist, Brigham and Women's Hospital; Stanley Cobb Professor of Psychiatry, Harvard Medical School; Chairman, Department of Psychiatry and Institute for the Neurosciences, Brigham and Women's Hospital.

INTRODUCTION TO THE  
**OPERATING ROOM**

**Amalia Cochran**  
**Ruth Braga**

## INTRODUCTION TO THE OPERATING ROOM

Amalia Cochran

A unique “survival manual” for clinicians new to the operating room

This one-of-a-kind resource answers all the questions that new clinicians, nurses, and allied health workers have about the Operating Room but are afraid to ask. It is a complete and candid explanation of the sights, sounds, technologies, personalities, and culture that readers will experience when they enter that complex, stress-inducing world. *Introduction to the Operating Room* delivers the practical, real-world guidance newcomers need to ensure patient safety and their own career success.

The book is logically divided into two sections: Part 1 discusses the people of the Operating Room and includes companion video interviews that clarify roles and expectations. This section also delves into the politics and culture of the Operating Room. Part 2 is devoted to the equipment of the Operating Room.

**Amalia Cochran, MD (Salt Lake City, UT)** is Associate Professor of Surgery, Surgery Clerkship Director, University of Utah Medical School.

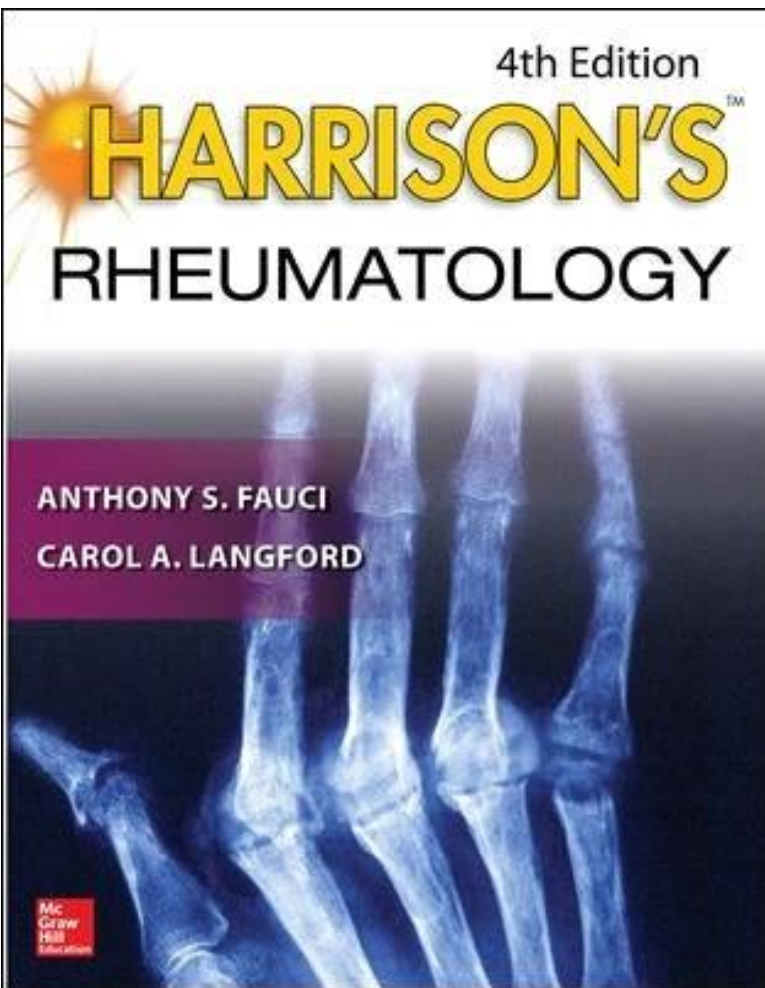

**Ruth Braga, MSN, RN (Salt Lake City, UT)** is Surgical Education Coordinator, University of Utah Medical School.

# PHARMACOTHERAPY PRINCIPLES AND PRACTICE STUDY GUIDE 4E

Michael Katz, Kathryn R. Matthias, Marie Chisholm-Burns

**100 cases teach pharmacy students how to apply pharmacotherapeutic concepts to real-world clinical situations**

*Pharmacotherapy Principles and Practice Study Guide, Fourth Edition* includes 100 patient cases that correspond to chapters in the fourth edition of *Pharmacotherapy Principles & Practice*. These cases are presented in realistic fashion, using terms and abbreviations that would normally be found in a patient's medical record. Patients in these cases have drug therapy problems requiring identification and management. For each case, students will be asked to develop a Patient Database, Drug Therapy Worksheet, and Pharmacotherapy Care Plan, using the forms provided.

## WEINBERG'S COLOR ATLAS OF PEDIATRIC DERMATOLOGY, FIFTH EDITION

Leonard Kristal, Neil Prose

*An unsurpassed visual archive of pediatric dermatology -- with more than 300 brand-new color images!*

*Color Atlas of Pediatric Dermatology* contains a collection of more than 1000 full-color images that provide invaluable guidance for the diagnosis of both common and rare skin disorders of neonates, infants, and children. For each condition reviewed in the text, one or more clinical photographs are supplied, making differential diagnosis faster, easier, and more accurate. A concise, yet thorough overview of important clinical features, etiology, prognosis, and the most current therapeutic approaches is included for each disorder illustrated. Every page reflects the book's magnificent atlas format, with photographs linked to brief text that authoritatively describes the condition illustrated in each image, along with, in most cases, a one-sentence summary of suggested treatment protocols.

**Leonard Kristal, MD (Lake Success, NY)** is Clinical Associate Professor of Dermatology and Pediatrics, New York University School of Medicine, New York, New York and Long Island Jewish Medical Center, New Hyde Park, New York.

McGRAW-HILL EDUCATION  
SPECIALTY BOARD REVIEW

# General Surgery

Examination and Board Review

- More than 700 questions with detailed answer explanations
- Case-based approach simulates clinical decision-making
- Presentation of topics mirrors the certification exam outline
- Excellent prep for both written and oral exams

ROBERT LIM  
DANIEL B. JONES

## GENERAL SURGERY EXAMINATION AND BOARD REVIEW

**Robert Lim, Daniel Jones**

*High-yield preparation for certification exams in general surgery*

*General Surgery Examination and Board Review* is a fresh, exciting new title that fills the need for a board review guide where other texts have fallen out of relevance. The format is modeled after Graber and Wilbur's *Family Practice Examination and Board Review*, which has been one of the most successful titles in the Specialty Board Review series. Each chapter consists of cases, followed by a Q&A related to each case.

*General Surgery Examination and Board Review* matches the published exam blueprints for surgery to ensure that the coverage of topics mirrors the actual exam. For general surgery residents preparing for certification and practicing surgeons preparing for recertification, this guide is perfect for both written and oral board prep.

**Robert Lim, MD (Bethesda, MD)** is an assistant professor of surgery at the Uniformed Services University of Health Sciences.

**Daniel B. Jones, MD (Boston, MA)** is a professor of surgery at Beth Israel Deaconess Medical Center.

# MURTAGH'S PRACTICE TIPS

**John Murtagh**

*Murtagh's Practice Tips* is the trusted resource that provides tips for GPs and other medical practitioners drawn from John Murtagh's extensive experience in practice. It is the essential guide for tried-and-tested approaches to treatment and improvisation methods, using convenient tools and readily available equipment to treat patients as effectively as possible.

Content throughout the resource has been updated for this seventh edition, providing essential information and step-by-step instructions on how to deal with conditions encountered by GPs around the world in everyday practice. New and updated content includes:

- wounds and suturing
- dressings for burns
- lost fillings and crowns
- CPR in children
- nasal irrigation
- eustachian tube dysfunction and glue ear.

Written with the busy practitioner in mind, this latest edition describes techniques using common terminology to suit practitioners at all levels of experience.

**John Murtagh** is Emeritus Professor in General Practice at Monash University, Melbourne; Adjunct Clinical Professor at the Graduate School of Medicine, University of Notre Dame, Fremantle, Western Australia; and Guest Professor, Peking University Health Science Centre, Beijing, China.

# MURTAGH'S patient education

## MURTAGH'S PATIENT EDUCATION

**John Murtagh**

First published in 1992 and now in its seventh edition, *Murtagh's Patient Education* is the proven international standard for patient education material. This tried-and-tested resource provides GPs, general practice nurses, registrars and pharmacists with accurate, accessible information to distribute to patients.

Written in simple, non-technical language, information on each condition is presented in a concise, friendly, single-page format so it can be easily photocopied or printed and distributed to patients to help them understand and manage their medical condition.

Among the 22 new topics in this latest edition are:

- The Australian National Immunisation Program Schedule
- Ovarian cancer
- Dengue fever
- Advanced care planning.

**John Murtagh** is Emeritus Professor in General Practice at Monash University, Melbourne; Adjunct Clinical Professor at the Graduate School of Medicine, University of Notre Dame, Fremantle, Western Australia; and Guest Professor, Peking University Health Science Centre, Beijing, China.
