WHAT DO I NEED TO GET STARTED WITH CONNECT?

To get started, you will either need a Student Access Code from the textbook purchased at your bookstore or or through www.mheducation.com.au. Alternatively, you can also get it through the unique Course URL given to you by your instructor.

HOW DO I REGISTER?

My instructor is using Connect:
If your instructor is using Connect, you will receive a course specific web address (URL) from your instructor. The web address will enable you to register for your instructor's course using a registration code. If you do not have a registration code, you'll also have an option to purchase access online with a credit card. Please contact your instructor if you do not have the Course URL.

I have registered previously:
If you have already registered for Connect and are re-taking a class or registering for an additional class, you will still need to obtain your instructor's course specific web address (URL) to register. You will not be required to create a new account if the Connect access from your previous registration has not yet expired, and you are using the same textbook. You will need to purchase Connect access for each course you are taking.

WHAT IS THE COURSE URL AND WHERE DO I FIND IT?

The most important part of the registration process is often missed, which is entering the course URL. Your instructor will give you the course URL. Every student in your class will have the same course URL.
