Grades K-6

FPO cloning, if picked will finesse
A chapter a day will light your way.

Reading is dreaming with open eyes.

Writing is the painting of the voice.
Wonders is designed to foster a love of reading in all children. Through exploration of texts and daily development of their skills as readers, writers, speakers, and active listeners, students experience the power of literacy. Our focus on teaching the whole child — and every child — prepares students to be lifelong learners and critical thinkers.

By providing a comprehensive set of connected resources for all learners in grades K-6, Wonders offers educators the ability to adapt instruction with confidence as students grow.

Combining the work of literacy experts with research on social emotional learning, Wonders helps you strengthen skills, bolster learning, and encourage independence, enhancing the important and inspiring work you do in your classroom, every day.
ACKNOWLEDGING YOUR EXPERTISE, SUPPORTING YOUR INSTRUCTION

Every teacher has a unique set of skills and a personal teaching style that reaches students in a way that no one else can. You know your students better than almost anyone, and you do everything you can to make learning an empowering experience that guides them on their educational pathways.

As a result, student and teacher choice are at the heart of *Wonders*. These resources were designed to support you and your entire classroom as you teach your way—whether you follow our recommended pathway of instruction or create your own workshop lessons using our resources.

*Wonders:*

- Makes it easy to integrate your favorite resources or use our resources with your preferred approach or framework – including workshop-focused, blended learning, project-based learning, and authentic literature-focused.
- Focuses on student-centered learning, small-group teaching, and minilessons with embedded support for English Language Learners, gifted and talented students, and students in need of Tier 2 support.
TAKING LEARNING BEYOND THE BOOK

*Wonders* brings the best in blended learning to your classroom. Every print resource is also available digitally, and your digital workspace includes thousands more readers, hundreds of games, interactive texts, videos, songs, a digital Writer’s Notebook, research projects, and a myriad of optional resources to extend every lesson and respond to students’ interests.

In grades 2-6, students can practice responsible use of social media, in a controlled setting focused on core academic content. This prepares them for *StudySync*, available for grades 6-12.

In short, you’ll find just the right resources for every learner in your class.

- Helps you choose your pathway with resources for modeled reading, shared reading, guided reading, and independent practice and application in every new week or text set.
- Provides resources and tools that meet students where they are and take them where they need to be, in both print and digital formats —100% print, 100% digital, or anywhere in between.
- Bases instruction on research—and is dedicated to putting best practices into the daily routines of your classroom.
READING, WRITING, AND CRITICAL THINKING

Your students are learning so much more than reading in your classroom. They’re learning how to learn, how to master new content areas, and how to handle themselves in and out of the classroom. Research shows that learning these skills leads to increased academic success. Wonders resources have been developed to support you in teaching the whole child, for success this school year – and throughout their lives.

Wonders is organized around three related focus areas to help students learn how to learn and become critical thinkers: social emotional learning, habits of learning, and classroom culture.

- **Social Emotional Learning** grounds students in the classroom and teaches self-mastery.
- **Habits of Learning** prepare students to master standards... and to be lifelong learners.
- **Classroom Culture** sets the stage for collaboration, focus, and a love of reading.

**Developing Critical Thinkers**
- Mastery of reading, writing, speaking, and listening
- Knowledge that spans content areas
- College and career readiness
These six habits of learning were specifically designed to encourage curiosity and critical thinking, and are reinforced throughout the year and across the grades. They teach children how to learn, and to master the skills that will prepare them for the high-stakes assessments. Each unit of instruction focuses on one habit that will set students up for success.

I use a variety of strategies to understand.
- make predictions
- take notes
- think about how a piece is organized
- visualize

I think critically about what I read.
- ask questions
- look for text evidence
- think across domains
- make inferences

I write to communicate.
- think about my message
- think about my audience
- talk with my peers
- use rubrics

I am part of a community of learners.
- listen actively
- build on others’ thoughts
- share what I know
- choose the right words
- gather information before I act or speak

I believe I can succeed.
- challenge myself
- stay on task

I am a problem solver.
- analyze the problem
- try different ways

Classroom culture fosters the development of your community of learners. Your Teacher’s Edition highlights opportunities to strengthen classroom relationships, such as collaboration, restating your community focus, and developing a love of reading.

The resources in Wonders are designed to help you build mastery of reading, writing, speaking, listening, and thinking – across content areas – giving students the tools they’ll need for academic success in every subject and every grade.
Positive social emotional learning (SEL) gives young learners the critical competencies to experience success in school and life with understanding, flexibility, support, and resiliency. Research shows that students’ ability to regulate their own emotions and behaviors affects their ability to build and maintain relationships with others, which in turn has a direct impact on their academic success.

The SEL Curriculum

Social emotional learning is one of the most important factors in predicting school success. Wonders is developed to support students in mastering themselves and how they interact with the world.

As students grow through the grades, while building literacy they develop:

- Social Problem-Solving
- Self-Confidence
- Maintained Focus
- Sustained Attention
- Working Memory
- Task Persistence
- Planning and Problem-Solving
- Flexible Thinking
- Self-Control
- Rules and Routines
- Curiosity

- Creativity
- Initiative
- Logical Reasoning
- Care and Empathy
- Managing Emotions
- Identity and Belonging
- Executive Function
- Emotional Self-Regulation
- Behavioral Self-Regulation
- Relationships and Pro-Social Behavior with Adults
- Relationships and Pro-Social Behavior with Other Children

Weekly school-to-home family communication letters, ready to send in multiple languages, encourage parents to log on and share resources with their children, including listening to audio summaries of all main selections so they can ask questions. This deepens the connection between community and classroom, supporting social emotional development. This helps ensure that each and every child comes to school engaged, motivated, and eager to learn.

- English
- Spanish
- Hmong
- Chinese
- Tagalog
- Vietnamese
- Urdu
- Arabic

E-books for all main selections include audio summaries in the same languages.

AUTHOR INSIGHT

“...My hope for our students is that those who are developing literacy in a new language will, through meaningful, scaffolded instruction, accelerate their language proficiency and develop the knowledge and skills necessary to reach their full academic potential.”

Dr. Jane Echevarria

SOCIAL EMOTIONAL LEARNING
The SEL Lesson Plan

Each SEL lesson is built on active engagement, carefully crafted to bolster each week’s targeted literacy skills.

Student-Centered Media support a specific SEL competency. Additional resources help guide learning before and after co-viewing.

Research highlights a consistent relationship between family engagement and student achievement. We engage families in their children’s education and development through a powerful home-school partnership that strengthens SEL skills.
GETTING ON THE PATH TO INDEPENDENT READING

_Wonders_ is grounded throughout in a firm understanding of genre. Students read widely across connected text sets, notice and annotate, listen and speak about what they’ve noticed, and write in the genre using an expert model or mentor text. Along the way, they are learning the elements of each genre, looking at author’s craft, and gaining the skills they need to read independently.
By mastering the key features of each genre, students are better prepared to understand subject matter, read more broadly and deeply, and write about what they know. They’ll be ready to approach any text – whether their interests and curiosities draw them to literature, biography, nonfiction, or drama – and communicate effectively, preparing them for futures in humanities, STEM, and careers we haven’t even dreamed of.
LITERACY BEGINS WITH FIRM FOUNDATIONS

*Wonders* offers a thorough grounding in foundational skills, from children’s first steps in phonemic awareness and print concepts, through sophisticated academic vocabulary and advanced morphological analysis. All along the way, integrated Tier 2 lessons fill any gaps quickly.

As they enhance understanding, students are encouraged to listen before speaking, speak before writing, and think critically all along – asking questions, finding text evidence, and building a more advanced set of literacy tools. With integrated grammar, spelling, and handwriting instruction, students build their capabilities every day.
Every year, as students develop fluency, they are also increasing their knowledge of science and social studies topics to prepare for broader content area learning, integrating new ideas, and making deeper connections between texts. They’re also diving into a world of rich authentic literature and stories that connect them to the world around them in new, inspiring ways.

**Content Area Learning**
- Explain how individuals can participate voluntarily in civic affairs at state and local levels through activities such as holding public officials to their word

**Content Area Learning**
- Explore, illustrate, and compare life cycles in living organisms

---

**Close Reading Routine**

**Read**  DOK 1–2
- Identify key ideas and details about helping your community.
- Take notes and summarize.
- Use 45 prompts as needed.

**Reread**  DOK 2–3
- Analyze the text, craft, and structure.
- Use Reading/Writing Companion, pp. 14–16.

**Integrate**  DOK 4
- Integrate knowledge and ideas.
- Make text-to-text connections.
- Use the Integrate lesson.
- Inspire action.

**ACT: Access Complex Text**

**Specific Vocabulary**

Review with students that authors often provide definitions or restatements in the surrounding sentences to clarify the meanings of unfamiliar words. Point out the word **elliptical** on page 202.

- **What does elliptical mean?** (oval-shaped) Have a volunteer read aloud the sentence that defines elliptical.
A PATH FORWARD FOR EVERY LEARNER

*Wonders* provides you with a collection of resources and instruction to move students ahead as soon as they’re ready. Differentiated instruction is built into the resources and lessons, providing all students with the scaffolding or extensions they need to be an active part of their classroom community of learners.

Your **STRUGGLING READERS** find targeted support including Tier 2 resources, to help them “level up.”
DIFFERENTIATED

Your digital Data Dashboard helps you keep track of growth and proficiency, providing instructional recommendations along the way, and offers you instructional flexibility with confidence—giving you more time to engage with students one-on-one as you teach your way.

ENGLISH LANGUAGE LEARNERS

are supported with instruction directly integrated into your core Wonders curriculum, providing both academic and social language acquisition. Resources are built to ensure equity of access for all, from newcomers to those with advanced proficiency.

GIFTED AND TALENTED

students will find additional choices to extend their reading, research areas of interest, and write about everything they’ve learned.

ENGLISH LANGUAGE LEARNERS

Your digital Data Dashboard helps you keep track of growth and proficiency, providing instructional recommendations along the way, and offers you instructional flexibility with confidence—giving you more time to engage with students one-on-one as you teach your way.

Independent Study
Have students research the Gold Rush in California and, specifically, how immigrants were treated. Ask them to share what they learned with the class, and then discuss what it might have been like to be a Chinese immigrant during that time period.
HELPING STUDENTS BECOME STRONG, CONFIDENT WRITERS

In Wonders, students engage in daily writing practice and learn to develop habits of writing that will equip them to communicate their thoughts and beliefs in writing—clearly and effectively. Students write about reading, building skills as they go, and follow the writing process, developing a strong routine that will impact their use of the written word throughout their lives.

The interactive student edition ensures that students read with pencil in hand, talk productively with partners, and write whenever they read. Students master the close reading routine, respond to the shared read, apply skills and strategies, talk, cite text evidence, and write.
Students work on extended writing in specific genres, carefully guided through the writing process from planning through presenting. Targeted minilessons and embedded opportunities for teacher and peer conferencing help students develop into effective writers.

The Writer’s Notebook offers new blended learning options for writing instruction and independent practice. Students have a digital toolkit of writing and markup tools to use as they develop, rewrite, and publish their pieces. Teachers and parents may log in to check for progress, and you can provide feedback digitally, making it possible for students to work through the entire writing process online.
PREPARE with PURPOSE

PROFESSIONAL DEVELOPMENT RESOURCES FOR GETTING STARTED IN YOUR CLASSROOM

In the same way that you want to prepare your students for success, we want to ensure that you have the resources and support you need to implement Wonders with success – and confidence.

In the first unit of every grade, the Start Smart pages of your Teacher’s Edition provide an overview and explanation of the instructional lessons and routines.

Your online Professional Development resources are available 24/7, on-demand, so you get the support you need, whenever you need it. You’ll find Quick Start courses that will help you make the most of the digital workspace, classroom videos, coach videos featuring our authors, and whitepapers, as well as the Instructional Routine Handbook and Research Base Alignment.

START SMART overview

START SMART provides an overview of the instructional lessons and routines within Wonders by providing an explanation of the Unit 1 genre study Teacher’s Edition lessons. Learn about the purpose and strength of Wonders instruction through the following features:

- **Author Insights**: Identify research that supports Wonders’ pedagogy.
- **Social Emotional Learning**: Learn how Wonders helps students develop the ability to manage emotions and engage in prosocial behaviors.
- **Habits of Learning**: Understand how Wonders develops critical habits that will help students succeed in school and throughout life.
- **Routines**: Find out how the instructional routines help students take ownership of their learning.
- **Classroom Culture**: Recognize key aspects of the Classroom Culture that can facilitate students’ Habits of Learning.
- **Teach It Your Way**: Determine how to adapt instruction and incorporate different approaches to best meet students’ needs.

Use the Placement and Diagnostic Assessments to determine instructional and grouping needs for your students.
